

## DOLORES WATERSHED AND RESILIENT FOREST (DWARF) COLLABORATIVE

Thursday, June 7, 2017, 1:30pm to 3:30pm

Dolores Water Conservancy District, 60 S. Cactus St., Cortez

Please think about:

Do you have activities this summer that you have where you could get people excited about taking responsibility for a resilient Dolores River and forest?

Do you have friends or family in the watershed or in key positions that should become directly involved in DWaRF work?

### Expected Outcomes:

- Group Updates
- Financial report
- Review of where we are on work plans- establish working groups as needed (funding? Vision and planning? Other?)
- Agreement on next steps for group and coordinator
